Introduction

This supplement to The 1990 Story contains information on the many organisations participating in 1990, and on the events which took place during Glasgow's year as Cultural Capital of Europe. It has been compiled from the 1990 Festivals Office Database, and so does not include many of the educational and social work programmes initiated directly by Strathclyde Regional Council, nor projects taking place during the Year of Culture with which the 1990 Festivals Office was not directly involved.

The compilation of this document would not have been possible without the help of Giulio Romano and Lisa Carey of the Department of Performing Arts & Venues Database, Glasgow City Council.

Edited by Dominic d'Angelo.
